It is understood that the majority of the Barton Heights citizens are in favor of emeration, if it can be effected to the benefit of the place. There are said to be about 1,200 people on the Heights.

The special committee of supervisors appointed to make a final settlement with Mr. W. H. Brauer, former treasurer of the county, met yesterday at the courthouse. Mr. Brauer turned over all money collected by him since January 1st, up to which time he had previously rendered an account. The sum amounted to about \$1,700. This practically settles the Henrico treasurship affair and Mr. Todd now has entire charge of the county funds. A woman who gave her name as Nicey Reed died yesterday morning at the Hetreat for the Sick as the result of injuries sustained Wednesday afternoon, by being knocked from the Chesapeake and Ohio trestle about five miles above the city!

The woman was in a semi-conscious condition and could not give a clear account of herself. It appears that she was seen walking on the trestle, which is not for pedestrians. Somebody called to her and she started back and had proceeded some distance when a train of cars dashed around a corner. She crept to the uttermost end of the ties, but it was not distant enough and she was struck. She tell about eighty feet.

The matter was reported to Coroner Taylor, who did not deem an inquest necessary.

COULDN'T HIT THE WONDER

Powell Held the Montreal Batters Down

TWO HITS AGAINST THIRTEEN

The New Yorkers Ran Away With the Team From Canada.

New York, with Powell in the box, didn't do a thing to Montreal yesterday. The heavy-hitting Canucks fill, down, and only two hits were registered against the big fellows. Not a run was made, while, on the other hand, both, Secrist and Bishop were hit at will. No runs were made after Atherton went into the box. This only hits made by Montreal were those of Doyle and Edmundson, and neither counted for much. On the other hand, the fine hitting by the New Yorkers, and the splendid team work netted them eleven runs.

The Montreal pitchers were pasted right along, Secrist allowed 6, Bishop 5, and Atherton 2.

There was nothing of special interest done in the game, except the falling down of the Montreal team in their hitting.

Still, Powell cost the New York management \$10,000, and how could Montreal hit such a pitcher?

The opposing pitchers, Davlin and Poliard, both southpaws, allowed but few hits, and, except in the fourth liming, the contest was nip and tuck, in that inning Pollard, who had not allowed a hit off his delivery, became incensed at Howes, who, he charged, spiked Slaughter at first, after the Red and Blue centerfielder had been thrown out by Yards, and went after the Pennsylvanian to settle matters. The crowd was the largest since the Yale game on Monday, and the "rooting" was the best of the season. The New York Americans, or Highlanders, as they are known in Gotham, look good to be factors in the American League pernant race. Last year they started badly, with several men on the cripple list, and before they were conditioned they were hopelessly in the ruck. Now they are in fine shape and have a great string of pitchers. The team is made up of veteran material, and embraces some of the fastest and most scientific men in the business. Jack Powell, who tossed 'em over with such consummate case yesterday, is one of the old Cleveland string, plucked by Tebeau some years ago. He has since played with the St. Louis Cardinals, and is with New York for his first scason.
